UFC Lightweight Title

Won fight of the night and both guys were also given their win bonuses.
Anything extra for the champ defending his title in the main event?

Cuts:

Antonio McKee: Lost debut. I usually give debuts a send chance but it wasn't exciting and I have way too many guys under contract.

Greg Soto: 1-2 in UFC

Phil Baroni: Lost last 3 fights. Now 13-13 in MMA. Should really hang it up.

Marcus Davis: 1-4 in last 5 fights. Had Stephens rocked but chose to wrestle him.

Brandon Vera: Lost last 3 fights. MMA record now 11-6. Has not been the same since his legal battle with his manager.

I need to cut around 5 guys a show.

If I cut 5 guys a show and don't sign anyone new for 10 shows I STILL have too many guys under contract.
